Subject: RE: Bradford Island Site Visit - COVID Policy

Thanks for the information. I did not receive an away message from Helen (might just go to EPA internally), so thanks for filling me in.

No problem, Christine. As you may have seen from the away messages, Helen was pulled away from work (b)(6) and won't be able to respond till the 9th. This also means that she won't be on the call on Monday, but I'll be there, and I'm hoping to have one or two more EPA staff with me. So, the meeting can still happen, but I will recognize that it will have to be a focused call. We won't be getting into anything high-level until later.

I completed the form and sent it to Melissa separately.

Subject: Bradford Island Site Visit - COVID Policy

Hi Helen/Richard,

Our policy for official visitors to our projects requires that a vaccination attestation be provided. The policy states that the official visitor is to complete DD Form 3150 (attached) either in advance of their visit or show an electronic or paper copy of a completed vaccination card upon arrival to the facility. Official visitors who are not fully vaccinated (including booster) against COVID-19, or who decline to volunteer their COVID-19 vaccination status, must show in advance or upon entry an electronic or paper copy of negative results from an FDA authorized or approved COVID-19 test administered no earlier than 72 hours prior to their visit. If you chose to fill out DD Form 3150, please send your completed form to Missy McBain (cc'd), who has been trained in protecting Confidential Medical Information (CMI). Please send me an email stating how you plan to comply with this policy so that I know when and how this requirement will be met. Thank you for your cooperation and feel free to contact me with any questions.

Thank you,

Chris Budai
